ADISHA P V

DATA SCIENCE INTERN

aadishakamal@gmail.com • +91 8078843365 • linkedin.com/in/adisha-p-v-873232365

PROFILE

Motivated and detail-oriented postgraduate in Mathematics with a strong academic background and a passion for applied mathematics, optimization, and problem solving. Currently pursuing training in Python and Data Science with hands-on project exposure. Committed to continuous learning, logical thinking, and delivering results in challenging environments.

PROFESSIONAL EXPERIENCE

Python, Data Science, AI, ML and POWER BI Intern
Luminar Technolab, Kochi
June 2025 - Present
- Undergoing live training in Python programming, data analysis, Machine learning and Deep learning.
- Working on real-time projects to apply machine learning and data science concepts.

Summer Research Intern – Graph Theory
Christ University, Bangalore
April 2024 – May 2024
- Completed a project on the basic concepts of Graph Theory.
- Developed professional academic reports using LaTeX, including mathematical documentation and structured formatting

SKILLS

- Fast Learner
- Leadership
- Teamwork
- Time Management
- Critical Thinking
- Effective Communication

- LaTeX
- Problem Solving and Logical Reasoning
- Adaptable and willing to learn
- Deadline-oriented
- Good Analytical skill
- Ability to Work Under Pressure

EDUCATION

Master of Science in Mathematics   2023-2025
Central University of Kerala, Kasaragod

Bachelor of Science in Mathematics
Kannur University   2020-2023
